September 2017

Dear Families,

The Federal Government's Protection Agency (E.P.A.) published final rules implementing the Asbestos Hazard Emergency Response Act (A.H.E.R.A).

This law requires that all elementary and secondary schools, public and nonpublic, alike, are inspected for the presence of asbestos-containing building materials and that they submit an asbestos management plan to the State of New York. Our school has conducted the necessary Asbestos Examination and once again, we are in full compliance of all laws.

Sincerely,

Mrs. Nicole C. Fresca

Principal
