

St. Rita's After School Enrichment Program Grades 1-8

Friday: 2:30 PM– 3:30PM - 4 week session for \$75.00

WINTER SESSION Fridays: 1/4, 1/11, 1/25, and 2/1

All students will take home 1 custom Mini-figure

This is a hands-on class where students build educational models using LEGO® bricks, rubber bands, motors and batteries. Classes are 1 hour once a week. Students will learn about the theme of the session presented by our Bricks4Kidz instructor. Students will build the model of the day where they will use engineering and problem solving concepts. Students will have free play to expand the model or build using their imagination.

You must enroll on-line by visiting our web site: www.bricks4kidz.com/SINY On the first page bottom left click on "View Classes" then click the appropriate class to enroll. You can pay by credit card on line or return this completed form with a check payable to Bricks 4 Kidz. **Payments and registrations are due by Wednesday, 12/19/18 and class size is limited.** Any questions about enrolling on-line call: 718-984-5439.
